I am (we are) familiar with the Rules of the Safety Fire Commissioner, Chapter 120-3-14, and certify that the installation applied for will be constructed and operated in accordance with the provisions of the Rules. I further understand that operations may not commence until the installation has been approved and the operations permit received and posted as required. I further understand that the operations permit is not transferrable.

| Signature | Title | Date |
|-----------|-------|------|
|           |       |      |

| Notes: |   |
|--------|---|
| 1.     | Permit for approval to construct a new facility or modify an existing facility will be by authorizing letter and approval indicated on plans.   |
| 2.     | Permit for approval will be by a formal "Permit" certificate which must be posted at the site at all times. Issue of this permit will be after final inspection and approval as required by Chapter 120-3-14. |
| 3.     | In event of insufficient information or questions as to whether standards will be met, the applicant may be required to submit additional information in writing or to appear before the State Fire Marshal.  |
